

## Sharing is Caring: TMP Giving Back to the Community

TMP, is proud to partner with Project Sunshine, a wonderful cause that bring smiles to the faces of children undergoing medical treatment, and their families.

We are asking that you to donate to this worthy cause, and make a positive impact on a child's life.

**What is Project Sunshine?** (<https://projectsunshine.org/>)

Project Sunshine is a volunteer-led program that partners with medical facilities across the United States and beyond to provide opportunities for play in the medical environment- restoring a crucial sense of normalcy for patients and their families. For more info, see their website: [www.projectsunshine.org](http://www.projectsunshine.org)

In 2023, TMP donated over \$15,000.00 to Project Sunshine, allowing our team members to make a difference at Quantum House in Florida, and East Harlem Asthma Center in New York. Our goal for 2025 is \$20,000.00.
